- Planeringens utrymme – demokratiska processer**
- Kompetensförsörjning**
- Velfärdsproduktion**
- Tillgänglighet – infrastruktur och kollektivtrafik**
- Tillväxtgenerering**
- Samhällskontraktet**

A black and white line drawing of various plant species, including grasses and sedges, with their root systems and stems. The plants are arranged horizontally, with a vertical axis on the left and right indicating height in centimeters (0 to 60). The plants shown include: 1. A small, dense clump of grass-like plants with many thin roots. 2. A single, upright stem with a small, elongated seed head. 3. A tall, slender stem with a small, elongated seed head. 4. A cluster of roots with several thin, upright stems. 5. A single, upright stem with a small, elongated seed head. 6. A single, upright stem with a small, elongated seed head. 7. A single, upright stem with a small, elongated seed head. 8. A single, upright stem with a small, elongated seed head. 9. A single, upright stem with a small, elongated seed head. 10. A single, upright stem with a small, elongated seed head. 11. A single, upright stem with a small, elongated seed head. 12. A single, upright stem with a small, elongated seed head. 13. A single, upright stem with a small, elongated seed head. 14. A single, upright stem with a small, elongated seed head. 15. A single, upright stem with a small, elongated seed head. 16. A single, upright stem with a small, elongated seed head. 17. A single, upright stem with a small, elongated seed head. 18. A single, upright stem with a small, elongated seed head. 19. A single, upright stem with a small, elongated seed head. 20. A single, upright stem with a small, elongated seed head. 21. A single, upright stem with a small, elongated seed head. 22. A single, upright stem with a small, elongated seed head. 23. A single, upright stem with a small, elongated seed head. 24. A single, upright stem with a small, elongated seed head. 25. A single, upright stem with a small, elongated seed head. 26. A single, upright stem with a small, elongated seed head. 27. A single, upright stem with a small, elongated seed head. 28. A single, upright stem with a small, elongated seed head. 29. A single, upright stem with a small, elongated seed head. 30. A single, upright stem with a small, elongated seed head. 31. A single, upright stem with a small, elongated seed head. 32. A single, upright stem with a small, elongated seed head. 33. A single, upright stem with a small, elongated seed head. 34. A single, upright stem with a small, elongated seed head. 35. A single, upright stem with a small, elongated seed head. 36. A single, upright stem with a small, elongated seed head. 37. A single, upright stem with a small, elongated seed head. 38. A single, upright stem with a small, elongated seed head. 39. A single, upright stem with a small, elongated seed head. 40. A single, upright stem with a small, elongated seed head. 41. A single, upright stem with a small, elongated seed head. 42. A single, upright stem with a small, elongated seed head. 43. A single, upright stem with a small, elongated seed head. 44. A single, upright stem with a small, elongated seed head. 45. A single, upright stem with a small, elongated seed head. 46. A single, upright stem with a small, elongated seed head. 47. A single, upright stem with a small, elongated seed head. 48. A single, upright stem with a small, elongated seed head. 49. A single, upright stem with a small, elongated seed head. 50. A single, upright stem with a small, elongated seed head. 51. A single, upright stem with a small, elongated seed head. 52. A single, upright stem with a small, elongated seed head. 53. A single, upright stem with a small, elongated seed head. 54. A single, upright stem with a small, elongated seed head. 55. A single, upright stem with a small, elongated seed head. 56. A single, upright stem with a small, elongated seed head. 57. A single, upright stem with a small, elongated seed head. 58. A single, upright stem with a small, elongated seed head. 59. A single, upright stem with a small, elongated seed head. 60. A single, upright stem with a small, elongated seed head.
